

Wire Rope Shears

forged

95
6

Double function: clean cutting, precise crimping

- > with two crimping dies for end caps on Bowden cable sheaths and ferrules for wire rope
- > comfortable work due to slim design and internal opening spring
- > bolted joint for precise blade guidance, readjustable
- > high leverage for reduced effort
- > cutting edge hardness (approx. 64 HRC)
- > chrome vanadium heavy-duty steel; forged, manifold oil-hardened

Crimping of the ferrules onto the traction cable

Crimping of the end caps on the Bowden cable sheath

Precise guidance through a bolted joint

95 61 190

95 62 190

95 62 190 T BKA*

Pliers with integrated tether attachment point for tool drop protection system

Internal opening spring

Transport lock and opening limiter

Crimp profiles

- > Cuts all wire ropes without splaying, including those that are extremely strong
- > Not for electrical end ferrules
